(see activity sheet)

Some tasks include an activity sheet which can be printed out for your child to complete. However, as an alternative, we have provided a Home Learning Book for your child to use to draw and write about their learning task. Up to 15 minutes for each activity is the recommended time for your child to spend on that particular task. Obviously some will be quicker/longer than others.

To the families of Class 1,

I would like to take this opportunity to let you know I have had the most wonderful time teaching your beautiful, kind hearted and well-mannered children. They have had a huge impact on my world and I am extremely fond of each and every one of them. I genuinely feel privileged to have been their teacher. They have filled each school day with such joy and their enthusiasm for our learning has always inspired me. They are all such unique and wonderful little people. They are a credit to you. I wish you happiness and good health during this time and will be thinking of you all. Looking forward to seeing you all when we return.
