Topic	PSHE/Art and design Rainbow Art Window display Make a rainbow and display it in your window, to spread kindness and cheer others. This could be a painting, colouring or a collage. You may choose to write a kind message.	What's for dinner? (Science information and activity sheets)	Religious Education Phone a friend or relative and ask them to tell you about the Christian celebration/story of Easter. Collect natural objects from your garden to make an Easter Garden. Can you retell the story? You may choose to draw your garden instead.

Some tasks include an activity sheet which can be printed out for your child to complete. However, as an alternative, we have provided a Home Learning Book for your child to use to draw and write about their learning task. Up to 15 minutes for each activity is the recommended time for your child to spend on that particular task. Obviously some will be quicker/longer than others.

Some printables have the answer sheets attached – *if you decide to print your activity, please be careful and only print the sheets you need*
