All children in Year 5 who have applied to sit the Kent Test should also have a go at some of these tasks please.

<https://fraserstevenslearning.com/> Ask your parents/carers to register you at this website. It's free and they only have to give their email address. They will let you access lots of tips for taking the Kent Test and they have questions on their site similar to the ones you will have in September for you to practice with.

Work on your spellings with Holly: <https://www.youtube.com/watch?v=M6JWv4XEDIQ>

Develop your comprehension skills by answering the 3 star questions in attached PDF: 'The Moon comprehension'

Develop your problem solving skills by tackling the two step problems in the attached PDF: Percentage word problems.

Choose a story starter from the list below then continue the story. Remember to describe settings and characters.

- Icy fingers gripped my arm in the darkness.
- Wandering through the graveyard it felt like something was watching me.
- The eyes in the painting follow him down the corridor.

Can you include any of Ninja words in your writing?

Maths challenge: Roll dice to create ten 4 or 5 digit numbers including two decimal places. Choose two of your numbers. Estimate their sum/ total- write your estimate down. Now add your numbers together using the method you learnt this week. Check your answer with a calculator. How close was your estimate? Repeat until you feel confident estimating and finding the sum of two decimal numbers.

Support your mathematical understanding by visiting: http://mathsathome.lgfl.org.uk/y5_subject.html

Work through some of the topics, be honest with yourself. Did you understand everything? Do you need to practice any areas further? Ask your teacher if you need them to send you to some extra work on a topic, or find something yourself on the internet.
