

St Margaret's-at-Cliffe CP School

Weekly Timetable Class 5

Hello Class 5! Below are all the activities planned for week 4. There are many different links within the different subjects, which you can use to support/aid your learning. I look forward to receiving photos and or word/power point documents to see the amazing work you are working hard to complete at home.

Our class email for this is: c.class5@klz.org.uk which will be 'open' every day for you to send your work in to me.

Thank you, parents, for the continued support you give to your child/children within school and at home.

Any problems, queries or questions, do not hesitate to email.

Mr Oliver.

Week starting 25.1.2021	Monday 25 th January	Tuesday 26 th January	Wednesday 27 th January	Thursday 28 th January	Friday 29 th January
Vocab Ninja	Ninja Word of the day starting with Shinobi words for year 5 can be found here . Children first Look, Say, Cover and finally write the word five times, they then write the definition and example sentence, underlining the featured word. They then use the word to create their own descriptive sentence. They can also look at synonyms, antonyms, prefixes and suffixes associated with the word and could create a sentence using one of these.				
Let's try a daily fun exercise	Why not join Joe Wicks for a Workout. Joe has returned with his Live sessions this Lockdown on Monday, Wednesday and Friday mornings. You could join the sessions. The Body Coach TV here : The Body Coach TV - YouTube				
STORY 	You can access Charlotte's Web here by using this link : Charlotte's Web (cleveracademy.vn) You can also access the book being read aloud here : Charlotte's Web Chapter 1 Read Aloud - YouTube For those of you who have your own copy you could follow along while the video reads the story to you or read the book yourself. <u>YOUR OWN STORY WRITING</u> You should have now begun to plan your very own story. I am excited to hear that several of you have already started to write your own adventure story. As I have already said this is an excellent way to show how much you have improved with your creative writing.				
English	<u>WALT: be able to skim to identify key features</u> Skimming You are going to discover how to skim read. Skimming is about reading quickly through a text to get the	<u>WALT: be able to develop ideas for writing, drawing on reading and research from secondary resources</u> Please read chapters 8 and 9.	<u>WALT: be able to organise and present writing using devices that structure the text and guide the reader.</u> Think about the ways in which you might like to	<u>WALT: be able to edit and improve my writing</u> You may like to improve your work by adding further information to your fact	<u>WALT: be able to explain what a character's personality is like by referring to their behaviours.</u>

	<p>most important pieces of information. First read the title and introduction. Then read the first line of each paragraph. Now look for important information. Finally read any headings and subheadings.</p> <p>Now you have the discovered the most important pieces of information.</p> <p><u>Task</u> Skim read the text about spiders below then summarise what you think are the most fascinating and interesting main points.</p>	<p>In chapter 9 we learn about Charlotte and her anatomy (her spider body) She also tells us a little about how she builds her web.</p> <p>Your task this week is to produce a spider fact file. Today you will be completing your research for this.</p> <p>Think about the sort of information you might want to include within your fact file.</p> <ul style="list-style-type: none"> - Introduction to spiders - Types of spiders - How spiders build webs - What spiders eat - Poisonous spiders <p>The choice is yours.</p> <p>Make use of any information books you have at home to gather information. Make notes (you might want to use bullet points) You can also try these websites, click on the numbers to go the websites.</p> <p>1) 2) 3)</p>	<p>present your fact file. Will you do it in leaflet form? Perhaps a poster? How will you present your information, to make it clear and interesting for your reader?</p> <p>Have a look at this information guide and think about the way the information has been laid out on the page. Could you use some of these features to present your information?</p> <p>You might wish to use the leaflet template below or create your own layout.</p> <p>Use the checklist below to check you have included all of the features of a fact file.</p> <p>Click here for some key spider vocabulary to help you.</p>	<p>file or to add extra pictures or diagrams. Now check through your writing and editing. Check everything makes sense and that it reads well. Is there anywhere you can vary your punctuation? Perhaps you could include commas, brackets, dashes or colons?</p> <p>You will need to have read chapters 10 and 11 of Charlotte's Web before tomorrow's lesson.</p>	<p>Yesterday you read chapters 10 and 11. Please read chapter 12 today. In this chapter, the animals have a meeting to discuss new words for Charlotte to spin within her web.</p> <p>'Terrific' is suggested but Wilbur isn't too happy with this.</p> <p>Which words would you use to describe Wilbur? Why would you choose that word? Choose 5 words that you might use to describe Wilbur and write an explanation for each as to why you have chosen them. e.g. I think Wilbur is an innocent character, because he chooses to listen to and trust all of the other animals in the barn.</p> <p>Now choose 5 more adjectives to describe Wilbur and include their explanations. Choose one of your words to place into Charlotte's web. Be creative! You could draw, paint or even use string to create the word in the web - choose from whichever materials are available to you at home.</p>
--	---	--	--	--	---

					<p>Here are some amazing examples:</p>  <p>I look forward to seeing yours when you email them in today.</p>

English: Information text Checklist:

In my information text I have...	Have I included this?
Written a title	
Included an introduction	
Separated my work into paragraphs	
Included sub-headings	
Written in third person e.g. Spiders have/they are...	
Written in present tense	
Included technical vocabulary in my writing	
Included a range of facts	
Punctuated sentences accurately	
Written a short conclusion	

English

Monday

WALT: be able to skim to identify key features

TASK: Use this text about spiders to skim through and then summarise what you think are the most fascinating and interesting main points.

Now write these as four or five short bullet points

What do you know about Spiders?

Skimming:

- Read the title.
- Read the introduction.
- Read the first line of each paragraph.
- Look for important information such as names, dates and unusual words.
- Read headings and subheadings.

Walking with eight legs

They have eight legs and different body parts than insects, and they also don't move around in the same way insects do. Spiders are in the arachnid class, but not all arachnids are spiders.

There are about 40,000 known species of spiders. Most spiders use a web to catch their prey, which is usually insects.

Their exoskeleton -The most important fact is that all spiders have an exoskeleton that is on the outside of their body instead of the inside (unlike humans). There are a few main differences between spiders and insects, and one of these is the number of legs - all spiders have eight legs.

Body. Spider bodies are made up of two main parts - the cephalothorax and the abdomen. Another important fact is that **spiders create silk** from spinneret glands in their abdomen. This silk is extremely strong, and has a number of different uses. One of the ways spiders use silk is to create webs, which catch prey. There are in fact quite a few different kinds of spider webs, such as orbs, funnels and sheets. Each spider's web has up to 7 sections..

Webs It takes a spider about an hour to build a web, and they usually build a new one every day.

Can the spider see me? It is important to realise that even though spiders have eight eyes, most of them can't see very well - they rely on what they feel in order to know when they've caught prey in their webs.

Eggs All female spiders lay eggs and store them carefully in an egg sac to keep them safe.

Maths ANSWERS for the White Rose worksheets can be found here:

Monday

<https://resources.whiterosemaths.com/wp-content/uploads/2019/10/Y5-Autumn-Block-5-ANS5-Area-of-irregular-shapes-2019.pdf>

Tuesday

<https://resources.whiterosemaths.com/wp-content/uploads/2020/10/Y4-Summer-Block-4-ANS1-Interpret-charts.pdf>

Wednesday

<https://resources.whiterosemaths.com/wp-content/uploads/2020/10/Y4-Summer-Block-4-ANS2-Comparison-sum-and-difference.pdf>

Thursday

<https://resources.whiterosemaths.com/wp-content/uploads/2020/10/Y4-Summer-Block-4-ANS3-Introducing-line-graphs.pdf>

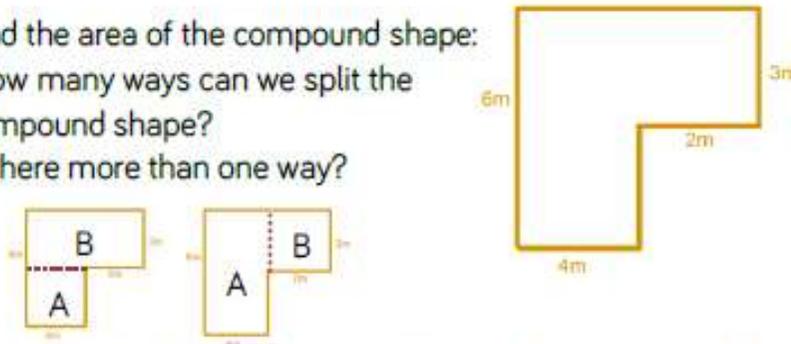

Friday

WALT: be able to read and interpret line graphs

<https://resources.whiterosemaths.com/wp-content/uploads/2020/10/Y5-Autumn-Block-3-ANS1-Read-and-interpret-line-graphs.pdf>

Try these Maths problems below

- 1 Find the area of the compound shape:
How many ways can we split the compound shape?
Is there more than one way?

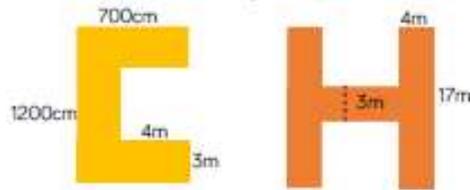

Could we multiply $6\text{m} \times 6\text{m}$ and then subtract $2\text{m} \times 3\text{m}$?

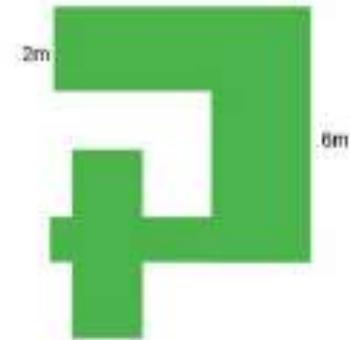

- 2 Find the area of the following shapes:

- 3 Find the area of the following shapes:

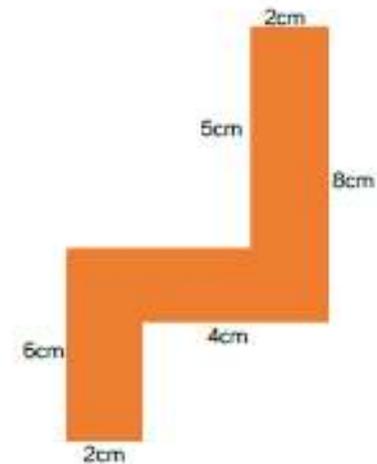

How many different ways can you split this shape to find the area?

Add more values and work out the area.

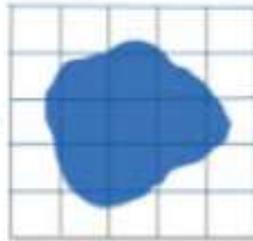

Jack has a shape with an area of 36cm^2 .

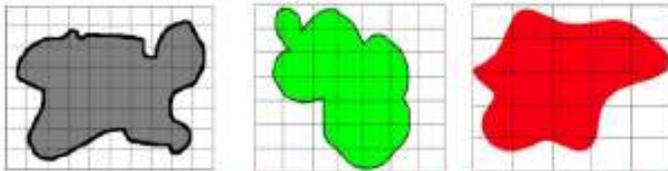

Find 3 possible compound shapes that have an area of 36cm^2 .

- 1 Estimate the area of the pond.
Each square = 1m^2

The answer is 6 whole and 4 parts is this an acceptable answer? What can we do with the parts?

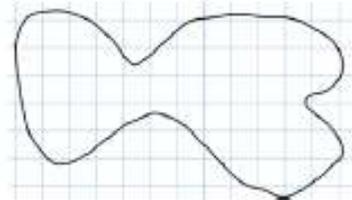

- 2 If all of the squares are 1cm in length, which shape has the greatest area?

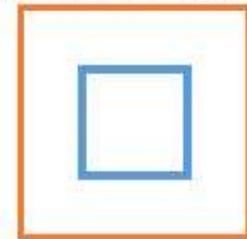

Is the red shape the greatest because it fills more squares? Why? Why not?

What is the same about each image? What is different about each image?

- 3 Each square is 1m^2
what is the approximate area?

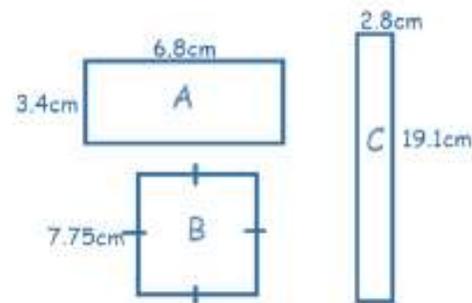

Here is a square inside another square.

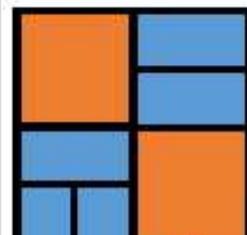

The perimeter of the inner square is 16cm
The outer square's perimeter is four times the size of the inner square.

What is the length of one side of the outer square?

How do you know? What do you notice?

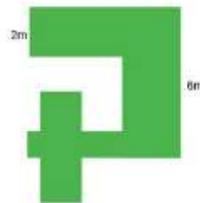

Approximate the area of each shape and then order from largest to smallest.

Each orange square has an area of 24cm^2 .
Calculate the total orange area.
Calculate the blue area.

When you have finished, you can scroll down to find the answers to mark your own.

How many different ways can you split this shape to find the area?

Add more values and work out the area.

Possible solution:

$$A = 2\text{m} \times 5\text{m} = 10\text{m}^2$$

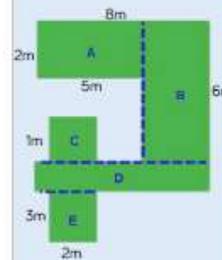

$$B = 6\text{m} \times 3\text{m} = 18\text{m}^2$$

$$C = 1\text{m} \times 2\text{m} = 2\text{m}^2$$

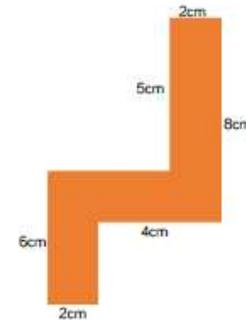

$$D = 1\text{m} \times 8\text{m} = 8\text{m}^2$$

$$E = 3\text{m} \times 2\text{m} = 6\text{m}^2$$

$$\text{Total area} = 36\text{m}^2$$

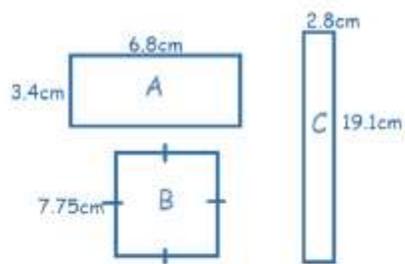

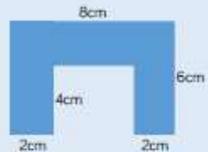

Jack has a shape with an area of 36cm^2 .

Find 3 possible compound shapes that have an area of 36cm^2 .

Possible solution:

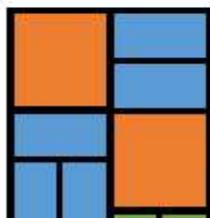

Approximate the area of each shape and then order from largest to smallest.

$$\text{Answer: } A = 3\text{cm} \times 7\text{cm} = 21\text{cm}^2$$

$$B = 8\text{cm} \times 8\text{cm} = 64\text{cm}^2$$

$$C = 3\text{cm} \times 19\text{cm} = 57\text{cm}^2$$

Order: B, C, A

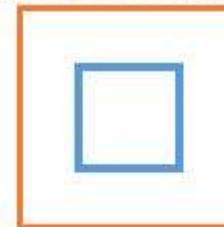

Each orange square has an area of 24cm^2 . Calculate the total orange area. Calculate the blue area. Calculate the green area.

$$\text{Answer: Orange} = 48\text{cm}^2$$

$$\text{Blue} = 72\text{cm}^2$$

Here is a square inside another square.

The perimeter of the inner square is 16cm . The outer square's perimeter is four times the size of the inner square.

What is the length of one side of the outer

$$\text{Small square} = 16\text{cm}$$

$$\text{Large square} = 64\text{cm}$$

Length of one of the outer sides is 8cm , because 64

Thursday

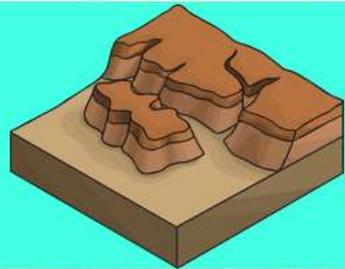

Geography Look at the information below that shows how different mountains are formed.

Plateau Mountains

Plateau mountains are different from the other mountain types.

They haven't formed because of rock or magma being pushed up.

They form because of materials being taken away through erosion, which has left deep valleys or gorges next to high cliffs.

Appalachian Mountains

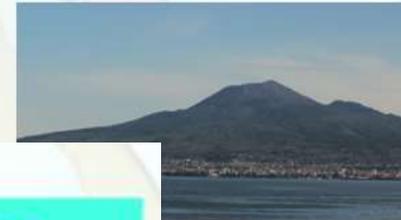

The Allegheny Mountains, USA, are an example of a plateau type of mountain.

Design a poster to explain how mountains are formed using these facts to help you add labels

Volcanic Mountains

Volcanic mountains are formed around volcanoes.

Volcanic mountains are made of layers of ash and cooled lava.

Mount Vesuvius, Italy is a volcanic mountain.

Dome Mountains

Dome mountains are smooth and round-looking.

They are formed when magma is forced up between the crust and the mantle, but doesn't ever flow out.

The magma makes the land bubble up like a balloon.

Devils Tower, USA is a dome mountain.

Fold Mountains

Fold mountains occur when tectonic plates collide.

The edges of the plates crumple as they are pushed together.

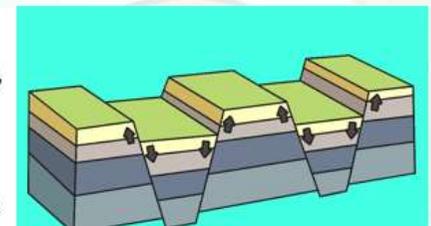

The rock of the Earth's surface is pushed up to create mountains.

Fault-block Mountains

When cracks in the Earth's surface open up, large chunks of rock can be pushed up while others are pushed down.

This creates mountains with a long slope on one side, and a sharp drop on the other.

Prayer Fact Sheets

Christian Prayer Grace before Meals

Bless us, O Lord, and these Thy gifts, which we are about to receive from Thy bounty, through Christ our Lord. Amen.

Prayer Fact Sheets

Sikh Prayer Ardas

You are our Master, to you, I offer this humble prayer.
This body and soul are all your belonging.
You are our mother and father; and we are your children.
No one knows your infinite vastness.
O highest of the high, most generous God,
The whole creation is strung on your thread.
That which has come from you is in your will.
You alone know your existence and vastness.
Nanak, Your slave, is forever surrendering to you.

Muslim Prayer Morning Prayer

Prophet Muhammad (peace be upon him)
We have awoken, and all of creation has awoken, for Allah, Lord of all the Worlds.
Allah, I ask You for the best the day has to offer, victory, support, light, blessings and guidance; and I seek refuge in You from the evil in it, and the evil to come after it.

Wednesday

RE WALT: Be able to understand how different religions pray

Prayer Fact Sheets

Hindu Prayer

O Divine mother, our hearts are filled with darkness. Please make this darkness distant from us and promote illumination within us.

Prayer Fact Sheets

Buddhist Prayer

May everyone be happy.
May everyone be free from misery.
May no one ever be separated from their happiness.
May everyone have equanimity, free from hatred and attachment.

Friday

French WALT : be able to ask for a sandwich in French

Think about what sort of sandwich you would like.

Je voudrais la baguette normale avec le jambon et les tomates

Je voudrais _____ avec _____

le pain	les viandes	les légumes
 les sandwich	 le rosbif	 les tomates
 la baguette normale	 le jambon	 le concombre
 le pain complet	 le poulet	 la laitue
 le pain aux herbes	 le saucisson sec	 l'oignon

Use the information below to help you complete the answers to the questions above

Les pains

▶ Qu'est-ce que vous désirez ?

▶ la baguette normale
white bread

▶ le pain complet
wholemeal bread

▶ le pain aux herbes
herby bread

▶ Je voudrais...

Les viandes

▶ Qu'est-ce que vous désirez ?

▶ le jambon

▶ le rosbif

▶ le saucisson sec

▶ le poulet

▶ Je voudrais...

Les légumes

▶ Qu'est-ce que vous désirez ?

▶ l'oignon

▶ la laitue

▶ le concombre

▶ les tomates

▶ Je voudrais...

Mon sandwich

le pain complet

la laitue

le jambon

les tomates

Je voudrais le pain complet avec le jambon, les tomates et la laitue.
