

## Class 4 Weekly Newsletter – Friday, 12<sup>th</sup> February 2021

### Message from the Headteacher

#### **Brrrr!**

Very many thanks to all involved in managing the effects of Storm Darcy this week. I am sure that many of the children will have enjoyed playing in the snow – parent/carers too I imagine! Hopefully we will have a much more settled week weather-wise when we return to school after the half term break.

#### **Keeping in Touch**

The videos which each teacher presented this week have been well met by families and I am pleased to say that these will continue during Lockdown.

#### **Resting our Eyes**

The staff and children at school have enjoyed 'Screen-free Friday' today and I hope those of you at home have also. We will continue with this approach after half term.

#### **Half Term Break**

We break for half term today so there will be no home learning set for next week.

#### **Term 4**

Term 4 begins on Monday 22<sup>nd</sup> February. Children booked in for childcare will attend school while all others are to complete home learning which, as you know, is posted to the school website.

During the week beginning 1<sup>st</sup> March all classes will be undertaking work around the theme of reading and books in support of World Book Day on 4<sup>th</sup> March – look out for the variety of activities planned for this week.

At the time of writing it is possible – although not yet definite – that all (or some) children will return to school on Monday 8<sup>th</sup> March. The Prime Minister is due to make an announcement regarding this on 22<sup>nd</sup> February.

#### **Track and Trace**

If your child has been attending school for childcare and tests positive for Covid during the half term break please notify the school on [secretary@st-margarets-dover.kent.sch.uk](mailto:secretary@st-margarets-dover.kent.sch.uk) so that we can undertake the required tracking and tracing.

Wishing you all a good weekend and half term break.

Helen Comfort

### Coronavirus Symptoms

Children or staff with any of the three symptoms of Covid:

- a new continuous cough;
- a fever;
- a change in taste or smell

are to stay at home and isolate, as must the rest of their household. They should get a Covid test.

Children and staff must also stay at home and isolate if a member of their household has any of these symptoms until the outcome of a Covid test is known and follow advice accordingly.

To get a test go online to:

[nhs.uk/coronavirus](https://www.nhs.uk/coronavirus) OR

<https://www.nhs.uk/conditions/coronavirus-covid-19/> OR

Telephone 111

#### **Keeping School Informed**

If your child has attended school for childcare and tests positive for Covid you must immediately inform the school – by telephone on 01304 852639 during the school day. If you get a positive result at the weekend, during the evening or in a school holiday please email [secretary@st-margarets-](mailto:secretary@st-margarets-dover.kent.sch.uk)

[dover.kent.sch.uk](mailto:secretary@st-margarets-dover.kent.sch.uk)

Even if your child is not attending school please continue to let us know if your child has symptoms of Covid and is awaiting a test result. Please advise of the result of the test either negative or positive, as we are required to report information daily to the DfE on the number of suspected and confirmed cases (just the number, no names).

### Message from the Class Teacher

Hello Class 4,

Well, this has been an interesting week! The snow certainly made a change to our usual plans and routines. Thank you for all the lovely work you have done in between sledging, snow angel making and snowman building!

We have seen some great information texts and monochrome paintings and you have all worked hard on your multiplying and dividing skills.

We have also really enjoyed your snow day photos!

Have a wonderful holiday week.

Miss Conway and Mrs Griffiths

### The Week Ahead!

### Lunch Menu – Week 1

### Week commencing 22<sup>nd</sup> February 2021

Welcome to a new Term. This week's learning will focus on Fractions in maths, Letter writing in English, Living things in Science as well as our first lesson of comparing Canterbury and Rome in Geography and looking at the capitals of the United Kingdom in French.
