English	<p>(Mr Oliver)</p> <p>Read Dobber and the Silver Ring</p> <p><u>WALT: be able to use a thesaurus to define words</u></p>	<p>(Mr Oliver and Mr Farr)</p> <p>Read Dobber and the Silver Ring</p> <p><u>WALT: be able to write a story map.</u></p>	<p>(Mr Oliver) (Mr Farr Teaching Phonics)</p> <p>Read Dobber and the Silver Ring</p> <p><u>WALT: be able to use description to create imagery</u></p>	<p>(Mr Farr)</p> <p>Read The train to impossible places chapter 5</p> <p>English / science cross curricular</p>	<p>(Mr Oliver)</p> <p>Read Dobber and the Silver Ring</p> <p><u>WALT: be able to edit a text</u></p> <p><u>WALT: be able to propose changes to vocabulary.</u></p>
---------	--	---	---	---	--

and collect a variety of words to support writing.

We are going to look at how to use a thesaurus effectively

Look at the power-point below:

Access this lesson using pin code: **XD3961** at [Twinkl Go](https://www.twinkl.co.uk)

TASK

Complete the questions and then challenge yourself by discovering alternative meanings for these words. Can you write them into a fun sentence?

totter

shuffle

meagre

malicious

buoyant

You can use the on line thesaurus found here

[Synonyms and Antonyms of Words | Thesaurus.com](https://www.synonymsandantonyms.com)

We are going to create a story map of this exciting story ' Dobber and the silver ring' You are going to substitute Lucy for a different Character and add an extra character (Dogger's friend) change the scene to be an alleyway in autumn with snow or frost on the ground.

WALT: Be able to write a character description

TASK

You are going to write the description of either Dobber or Amy.

Remember to use your five senses to create an image in the readers mind. Use rich description and include behaviour and feelings of the character.

WALT: be able to use drama to perform

TASK

With two friends you are going to act out your new story with the extra character and different scene in the story of Dobber and the Silver Ring. If you are at home ask a grown up to act with you.

NOW

Use your own story plan to write your very own version of of 'Dobber and the Silver Ring'

WALT: be able to identify an explanation text

Look carefully at the power-point here:

Access this lesson using pin code: **CW5346** at [Twinkl Go](https://www.twinkl.co.uk)

TASK 1

List at least five features of this show that show you that it is an explanation text.

TASK 2

Now draw the diagrams in your science to explain how solids change to gases.

Now we are going to add an extra character to this story and an extra event.

What could you add here?

Note down your ideas for a new story map and show what the extra character do and what the extra event might be.

grammar and punctuation to enhance effects and clarify meaning.

TASK

Spend time reading through your story add the following:

Four extra clauses, four more powerful verbs and four more descriptive adjectives.

Can you add just one short three word sentence that would grab the reader's attention?

WALT be able to writing with a clear cursive style.

Now copy this improved version in your neatest handwriting onto the special Silver ring paper.

<p>Maths</p>	<p>(Mr Farr)</p> <p>Flashback 4 Find attached the Flashback 4. Today we will be completing day 1.</p> <p><u>WALT: Be able to convert between different units of metric measure</u></p> <p>https://resources.whiterosemaths.com/wp-content/uploads/2019/09/Y4-Autumn-Block-3-WO1-Kilometres-2019.pdf</p>	<p>(Mr Oliver)</p> <p>Flashback 4 Find attached the Flashback 4. <p>Topic</p>	<p>(Mr Oliver)</p> <p>History <u>WALT: Be able to design and sculpt 3D art</u> Look at the video tutorial here: How to Make an Ancient Greek Inspired Pottery Piece - YouTube TASK Use the clay to create your greek vase. If you are at home for this project you could make a 3 D model of a vase using the card from a breakfast cereal box. Cut and stick you vase or choose to draw/paint a greek inspired vase.</p> <p>Science <u>WALT be able to compare and group together everyday materials based on evidence from comparative and fair tests, including their conductivity of heat.</u></p> <p>First watch this short clip about thermal insulators Thermal Conductors and Insulators - Bing video</p> <p>TASK Design an experiment to keep a mug of hot</p>	<p>(Mr Castle)</p> <p>PE <u>WALT: Be able to hold body in different gymnastic shapes and balances</u> TASK Look at this video clip of some fun exercises and have a go yourself:</p>  <p>The Little Gym UK at Home: Primary School 6 to 12 years Lesson 1 - YouTube Star and star jumps- Arms and legs stretched out wide. Pike - Sitting tall, with legs together and straight, arms stretched out above legs. Straddle - Sitting tall, with legs out wide and straight, arms stretched out above legs Arched shape- Your feet and hands are the base of the arch and your body is in a curved shape.</p> <p>(Mrs Hollowday)</p> <p>Music <u>WALT be able to recognise musical notation</u></p>	<p>(Mr Farr)</p> <p>Computing <u>WALT: Be able to use spreadsheets</u> TASK Last session we looked at this video tutorial about basic spreadsheets here Spreadsheet Basics -- Microsoft Excel - YouTube</p> <p><i>We are now going to design our own spreadsheet to calculate the cost of</i></p>	<p>(Mr Oliver and Mr Farr)</p> <p>PE <u>WALT: Watch the ball all of the time, get your heads up and be aware of what is around you and concentrate</u> Warm up - running in different directions, skipping, hopping and jumping. , How wide, tall and small can you be? Running in different directions bouncing and catching the ball. Activity 1 - 'Turn about Catching' Place 3 cones, 3 metres apart in a straight line. Player in the middle takes a catch from first player and returns the ball, then turns around and takes a catch from the other player. Increase/decrease distances between cones One handed catching Use weaker hand to catch and throw 3 cones per group and 2 balls per group</p>	<p>(Mr Oliver)</p> <p>PSHE <u>WALT: Be able to identify worries and suggest ways of dealing with them</u> We are all still thinking how to keep safe and this sometimes might worry our friends. What different activities would you enjoy doing to relax yourself or your friends We know we need to have enjoyment times while we keep everyone safe from the Coronavirus. What makes a good activity? Draw a picture of you enjoying your relaxing activity or just DO the relaxing activity! NOW Sit quietly and relax to listen to the calming script below. This will help our minds calm down so that we are ready to learn. <i>If you are at home please ask an adult to read the Calming Script to you</i> French <u>WALT be able to develop French conversation</u> <u>View this powerpoint about objects that you might find in a typical French school.</u> Access this lesson using pin code: JU8025 at Twinkl Go</p>
--------------	--	--	---	---	--

	<p>chocolate warm for the longest period of time. You may choose to use different thermal insulators. Draw a label diagram. Explain how you would set up your experiment. What will you measure? How will you discover which thermal insulator is the best?</p>	<p>Look at this power-point that explains Minims and Semibreves. Access this lesson using pin code: AX4913 at Twinkl Go</p>			<p>NOW Write five sentences that describe in French which object is above or below which object. Look at the French poster below to help you recognise the objects in French.</p>
--	---	--	--	--	--

Dobber and the Silver Ring

"What was that?" Amy stared up the lane, peering into the alley. It was very dark and she could see nothing. Not for the first time, she wished that she had a friend to walk home with but, since moving school, Amy had not made friends with anyone. She hesitated, then overcame her fear and began to slowly walk up the alley. It was a good shortcut but after school, the boys liked to hang around and leap out on people.

Halfway along the alley something caught her eye. Amy stopped and stooped down. Carefully, she picked up a small, silver ring, shaped like a fish. It glittered in her hand even though the sun never shone in the alley. Quickening her pace, she tucked it into her pocket and marched on. Just as she came to the end of the alley, there was a noise. She spun round. There was Dobber!

"Give us it," he demanded, as he walked towards her. Immediately, Amy turned and ran. At first, she could hear his feet pounding along behind her. Clenching the ring tightly in her fist, she dashed out of the alley and tore down Smith Street.

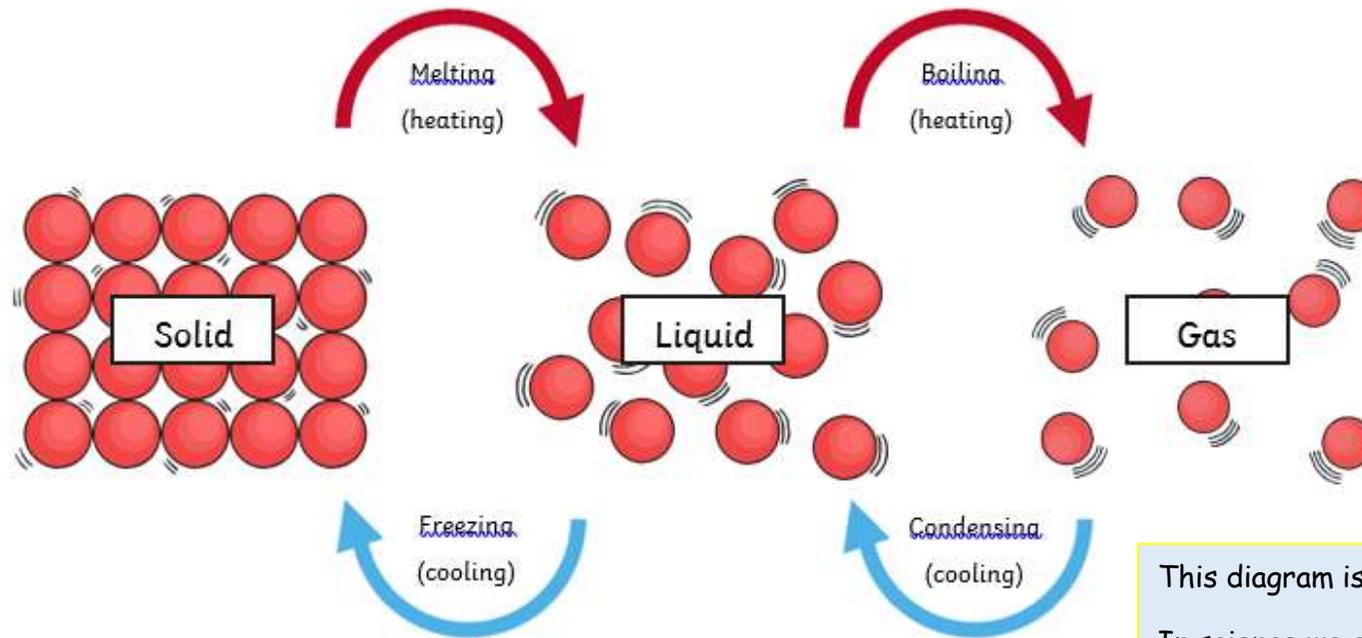

But Dobber was built for bullying and not for speed. Soon he stopped. Standing on the corner, he watched Amy come to a stop at the other end of the street. Calmly, she turned to look back at him. Dobber was puffing like an old man.

"Wow," said someone behind her. Amy turned round. It was Lucy Carter from her class. "You're really quick!"

"Not really-it's just that Dobber's not very fast," Amy giggled. "He was after this," continued Amy, holding out the ring.

Lucy exclaimed, "That's mine, I lost it ages ago!" Amy handed the ring to Lucy. She smiled as she tucked the ring into her bag.

Amiably, the two girls ambled up Shrubshill Avenue, chatting as they went. Amy knew inside that she had found two things that day.

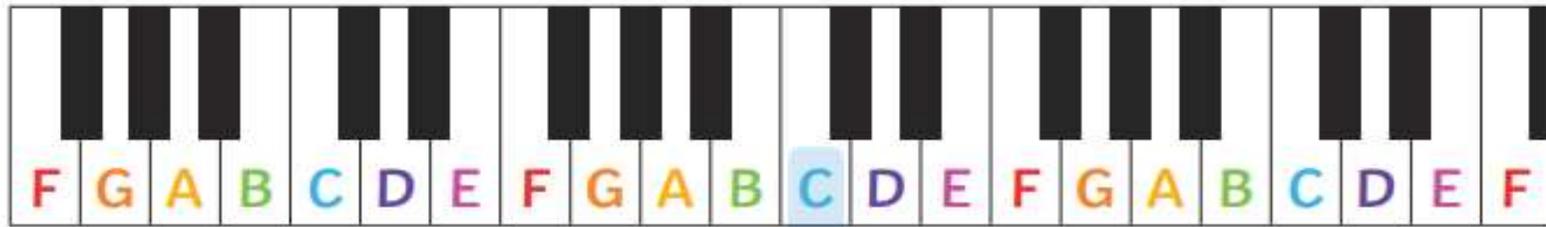

A diagram to show the cycle of the states of matter

This diagram is part of an explanation.
In science we are investigating how materials can be solids then change to be liquids and then change to become gases.

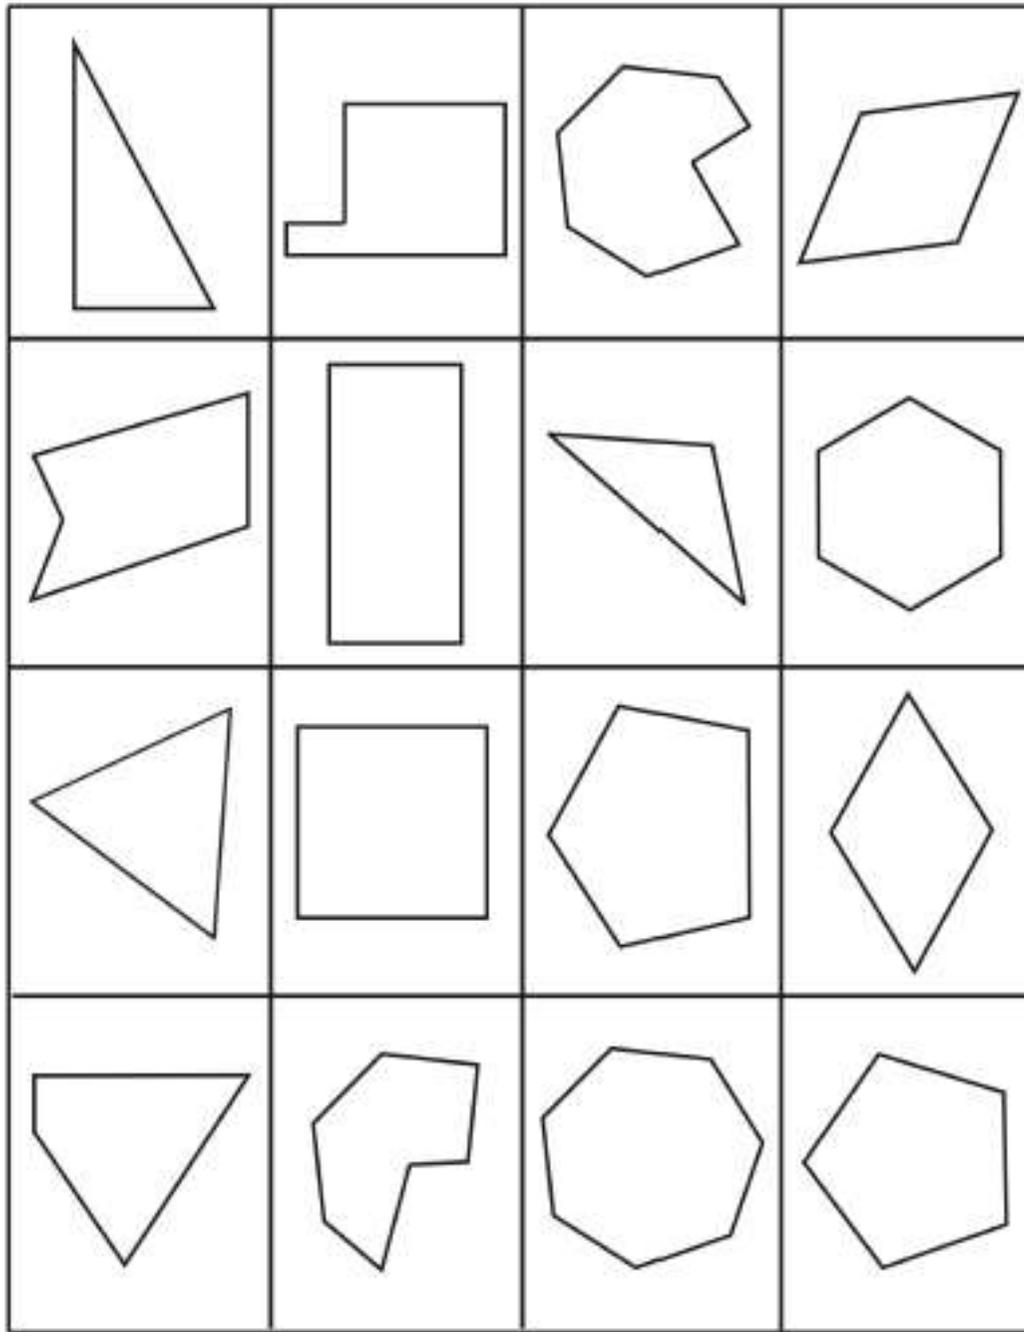

Musical Notes

A musical staff with treble and bass clefs. The treble clef staff has notes: F (red), A (orange), C (blue), E (purple), F (red), A (orange), C (blue), E (purple), F (red). The bass clef staff has notes: F (red), A (orange), C (blue), E (purple), F (red), A (orange), C (blue), E (purple), F (red). A vertical blue bar labeled "Middle C" is positioned between the two staves, pointing to the C notes. Lyrics are written above and below the staff, with arrows pointing to the corresponding notes. The lyrics are: "All Cows Eat Grass" (above), "FACE in the space" (above), "Good Burritos Don't Fall Apart" (below), and "Every Green Bus Drives Fast" (below).

Shapes for Symmetry

LINES OF SYMMETRY

Can you cut these shapes out and fold them over exactly in half. Draw a line along the fold you have created to show the line of symmetry. Some shapes might have more than one line but some shapes might not have any lines of symmetry.

HOW WELL DO YOU KNOW YOUR SPELLING?

Statutory Spelling List for children of Year 5 and Year 6

Calming script

Calm, quiet minds feel better... so, let's see if we can quieten our minds down.

Take your *Calm Me* positions... sit nice and straight on the floor, see if you can sit up with a straight and dignified spine. Both feet are out in front of you and your eyes are closed if you feel comfortable to help your mind focus.

Your hands can rest on your tummy to help focus on your breathing...

So feeling calm, breathe in with a slow, relaxed and gentle breath... in through your nose... feeling your tummy expand as the air enters the lungs.

Then breathe out slowly and gently, through your mouth, feeling your tummy go in again as the air leaves your body.

Breathe in... breathe out... gently blowing air through your lips.

Keep breathing like this and focus your sense of hearing of the sounds around you...

Notice how calm you feel when you just focus on your breathing...

In... Out...

In... silently counting 1,2,3,4... Out... silently counting 1,2,3,4,5, 6.

Repeat several times...

Then when you are ready, I invite you to start to bring your awareness back by wiggling your fingers and toes, perhaps having a stretch... and to bring your quiet mind back into this present moment, right here, right now.

Flashback

4

Year 5 | Week 10 | Day 1

1) What is three-quarters of 20? 15

2) Work out $\frac{3}{16} \times 5$ $\frac{15}{16}$

3) Add together $3\frac{2}{3}$ and $1\frac{1}{3}$ 5

4) Write 350 in Roman numerals CCCL

1) What is the value of the 4 in 6.24?

4 hundredths

2) Work out $7 \times \frac{1}{4}$ $\frac{7}{4}$ or $1\frac{3}{4}$

3) Find the sum of $\frac{1}{6}$ and $\frac{3}{4}$ $\frac{11}{12}$ (or $\frac{22}{24}$)

4) Multiply 27 by 6 162

1) Write $\frac{7}{100}$ as a decimal

0.07

2) Find $\frac{3}{5}$ of 40

24

3) Work out $\frac{11}{12} - \frac{2}{3}$

$\frac{3}{12}$ or $\frac{1}{4}$

4) How many lines of symmetry does a square have? 4

1) Write $\frac{94}{100}$ as a decimal

0.94

2) Work out $3\frac{1}{4} \times 4$

13

3) Find the sum of $\frac{3}{5}$ and $\frac{3}{10}$

 $\frac{9}{10}$

4) Take 879 away from 3,000

2,121

1) How many thousandths are there in one hundredth?

10

2) Find $\frac{7}{8}$ of 32

28

3) Work out $5\frac{3}{4} - 2\frac{1}{8}$

 $3\frac{5}{8}$

4) How many girls go swimming?

	Boys	Girls
Running	86	49
Swimming	57	71

71

Au-dessus ou sous ?

Above or Below?

 le crayon	 le taille-crayon	 les ciseaux	 le stylo
 la gomme	 la colle	 le crayon de couleur	 la règle

Le stylo est au-dessus de la règle. 

La colle est sous le taille-crayon.
