

### Personal, Social and Emotional Development

Changes-Transition to Year One. This term we will continue our work on preparing the children for the move into Year One. There will be visits to the Year One classroom and time to get to know their new teachers ready for September.

### Communication and Language and Literacy

The children will be reading and writing about the seaside. We will make simple sentences, writing about what we have discovered. We will also be using some well-loved stories with a sea theme to develop our reading and writing. These stories will include, *Commotion in the Ocean* and *Tiddler*.

### Physical Development

We will be using the movements of under the sea animals in our dance and drama work this term. Our P.E. lessons with Mr Castle will be outside, when the weather allows, undertaking running, team games and practise events for Sports Day. We will also be learning about safety in the sun.

## Term 6 Fun at the Seaside

### Mathematics

The children will continue to count, recognise and order numbers. We will continue to practise counting using a 100 square. We will be learning how to double and halve numbers. We will be counting in twos, fives and tens. We continue learning our number facts for ten. Finally, we will learn about odd and even numbers.

### Expressive Arts and Design

We will be learning songs and rhymes with a seaside theme. The children will create 3D sea creatures. We will explore the Summer and use this to inspire our creative work in the classroom. We will create lighthouses using recycled modelling materials.

### Understanding the World

We will be learning about different sea creatures around the world. We also look at pictures of the seaside in the past and how they compare to the seaside today.
