### Message from the Headteacher

#### Little Chef!

It was lovely to receive this photograph from home of Lenny from Class 2 proudly showing his leek and potato soup that he had made from the produce collected on the class trip to Mr Castle's allotment. Mr Castle was very pleased when he saw how his vegetables had been used. We would like to thank Mr Castle for his time and enthusiasm in providing this very enjoyable learning opportunity for the Children in Class 2.

### Message from Class 4

Class 4 have worked really hard this term and are beginning to prepare themselves for their final term before becoming year 5!

Just last week we had an adventurous class trip travelling to Canterbury Cathedral by train. We enjoyed counting down the stations and looking out of the window at the changing scenery of human and physical geography. It made us remember the poem 'From a Railway Carriage', which we have read in class. We learnt lots of new facts at the Cathedral which will inspire us to write a persuasive piece about visiting the city.

In our maths, we are learning to place fractions on a number line and identify fraction families. We are using our times table knowledge to see the patterns in the numerators and denominators. Do you know what an improper fraction is? - just ask us!

Don't forget ... open afternoon on Wednesday 24<sup>th</sup> May. We look forward to showing you all our learning across the subjects and talking to you about our favourite pieces.

Mrs Byatt
